The HYPOCRITE BOASTED OF OWNING HIS OWN HOME and that HE WAS NOT LIKE other men. The POOR PUBLICAN WAS GLAD to be ALLOWED to be ALIVE and to BREATHE FREE AIR.

The world MOVES on confidence. We must TRUST each other. There are more than a THOUSAND different articles and different qualities and different prices of goods in any first-class grocery store.

It is easy to pick out a few articles and advertise a price and then sell all the others for a long profit. It is also easy to advertise a low price and get customers and then weigh short to make a profit. Not one woman in every fifty ever weighs what she buys, therefore she never knows how much she pays. Every wife and mother should be careful in buying for her husband and children. She should buy nothing but the best and should know that she gets the best price. We want the word "Traders" to mean that you must be pleased or your money back. We do not ask you to TRUST us, we only ask you to try us.

We run our business on the least possible expense, therefore we can sell for less. We find it IMPOSSIBLE to handle our trade properly on Saturdays, therefore we EARNESTLY ask all who can CONVENIENTLY do so to come early. We do our best, but people come in such great numbers that we can not give them the care they deserve.

We have a large line of Star Brand Shoes, "NO BETTER MADE." We carry SWEET ORR work clothing. We are putting on a fine line of DRY GOODS of the BEST STAPLE qualities. Please come and see them. Our prices are right. We handle nothing but the best meats. Please remember, money back at all times if not pleased.

## Architect Making Good

The above is the likeness of S. L. Morris, architect and builder, who has made a splendid reputation in his work at Okmulgee. A graduate of the Tuskegee Institute, Mr. Morris has gone out into the world with that ever-dominant spirit which seems to be a virtue with students of that noted school and step by step has climbed up to success with credit to himself and his school. Some of the best buildings in Boley stand as monuments of this young man's ingenuity and some of Okmulgee's best business buildings are bearing the trade mark of his work. He does all of his own blue print work and superintends the work from start to finish.

He is ready to do work in any part of the state. Those who contemplate buildings would do well to consult him. Mail addressed to him at Okmulgee will reach him.

## Conscientious.

An editor of a New York magazine recently received a story of which the scene was laid in the state of Washington. He wished to have the story illustrated, and in order to obtain the best local detail he sent the manuscript to a young artist out in Washington. Before doing so, however, he scrawled hastily across the top of the first page the address of the writer, which did not otherwise appear on the manuscript. It was "Shelton, Wash." With the story the editor sent a letter asking the artist to make a wash drawing of a certain effective scene and forward it as soon as possible. By return mail the editor received an anxious reply from the youthful artist, saying: "I noticed that you wish me to use 'Shelton, Wash.' I do not know of any such wash nor do any of the dealers on here. If you can send me a tube I shall be glad to make the drawing."
